PROFESSIONAL SUMMARY

Computer Science and Engineering graduate with a strong interest in Data Analytics, Python, SQL, and Power BI. Hands-on experience with data cleaning, analysis, visualization, and data-driven projects. Quick learner with strong problem-solving skills and an interest in applying analytical techniques to real-world business problems.

NOTABLE PROJECTS

HUMAN FACE GENERATION USING DCGAN

2026

- To generate realistic human face generation
- Designed and trained **Generator** and **Discriminator** network using deep learning techniques
- Performed image preprocessing and model training on celebrity dataset

Deepfake Detection On Social Media Leverage Deep Learning & FastText Embeddings For Identifying Machine Generated Tweets Project

2025

- Helps in identifying and filtering **AI-generated or fake tweets** on social media platforms.
- Prevents the spread of **misinformation and fake news** by detecting manipulated content.
- Can be extended to detect **spam, bots, and malicious automated content**.

Online Beauty Parlour

2024

- Developed a **console-based application** for beauty parlour management.
- Implemented **user registration and login system** with backend integration.
- Designed an **order placement console** to input product/service details manually

VIRTUAL INTERNSHIP - CODOMAX DIGITAL SOLUTIONS

- Performed **data cleaning and preprocessing** to improve data quality and prepare datasets for sales analysis.
- Conducted **Exploratory Data Analysis (EDA)** to identify trends, patterns, and relationships.
- Analyzed datasets to generate **meaningful, data-driven insights** and observations.
- Applied **analytical and problem-solving techniques** to complete practical data science assignments.
- Gained hands-on exposure to the **end-to-end data analytics workflow**, from data preparation to insight generation.

TECHNICAL SKILLS

Python, SQL, Excel, Power Bi
Operating Systems: Windows

SOFT SKILLS:

Effective Communication
Logical & Analytical Thinking

EDUCATION

Bachelor of Technology (BTech) in Computer Science and Engineering

2022 – 2026

Vaageswari College of Engineering, JNTUH Hyderabad

percentage: 71%

Telangana State Board of Intermediate Education - (TGBIE)

2020 – 2022

Sree Chaitanya Junior College, Karimnagar

Percentage: 86%

Secondary School Certificate (SSC)

2019 – 2020

Universal E/M High school, Peddapalli

Percentage: 98%

ACHIEVEMENTS & CERTIFICATIONS

Infosys — Testing Engineer (Automation)

2025

1 month active participation
